

A Peace Keeper With a Pistol:

I Carry Concealed and Here's What You Need to Know

- I have chosen to exercise my **2nd Amendment right** to keep myself and the people I love safe.
- I have taken the proper steps required by the law to possess and carry a firearm.
- I am educated and trained by the United States Concealed Carry Association (USCCA).
- I possess heightened awareness that could help prevent or stop a deadly situation.
- I am willing to protect more than just myself. I will protect you and other innocent bystanders, too.
- I believe the statistics that show "gun-free zones" don't work.
- I believe in fighting back instead of being a victim of a violent crime.
- I support our United States Military and believe in our local and state Law Enforcement.
- I am protective and peaceful, but I am prepared for the worst.
